

Safety Data Sheet

Section 1 - Chemical Product and Company Information

Product Name: Dry Pigment Pack Various Colors Product Code: SDCP-CPD

Trade Name: Smith's Dry Pigment Packs Various Colors

Manufactured by:
Smith Paint Products
2200 Paxton Street
Harrisburg, PA 17111
(800) 466-8781

Chemtrec
2900 Fairview Park Drive
Falls Church, VA 22042-4513
(800) 262-8200

Emergency Hot Line:
(800) 424-9300

Product Use: Integral color option for Smith's 4 in 1 Overlay - White.

Section 2 - Hazards Identification

GHS Ratings:

GHS Hazards

GHS Precautions

Signal Word:

There are no GHS ratings that apply to this product at this time.

Section 3 - Composition/Information on Ingredients

Chemical Name	CAS number	Weight Concentration %
YELLOW IO	51274-00-1	
IRON OXIDE - FE304	1317-61-9	
TRANS RED IO	1309-37-1	

Section 4 - First Aid Measures

Inhalation: Remove victim to fresh air. Give artificial respiration if the victim is not breathing. Seek medical attention with any breathing difficulties.

Eye Contact: Flush thoroughly for 15 minutes with running water. Seek medical attention.

Skin Contact: Remove contaminated clothing. Wash area with soap and water.

Ingestion: Give large amounts of water to induce vomiting. Seek medical attention.

Section 5 - Fire Fighting Measures

Flash Point: N/A

LEL:

UEL:

Flammable Limits: LEL - N/A UEL - N/A

Extinguishing Media: As appropriate for surrounding combustibles. Material does not support combustion.

Unusual Fire/Explosion Hazards: None

Fire Fighting Equipment: Self contained breathing apparatus and eye protection.

Section 6 - Accidental Release Measures

Spill/Leak Procedures: Refer to local, state, or federal regulations for specific disposal information. Pursuant to 40 CFR Part 261 of Resources Conservation and Recovery Act (RCRA) regulations currently in effect, discarded iron oxide would not be classified as a hazardous waste.

Spill on Land: Vacuum or scoop up spilled material for recovery or disposal, avoid dusting conditions and use good ventilation. Wetting the spill area with water spray may help reduce airborne dust levels.

Spill in Water: Product is inert and stable. Decomposition nor polymerization will occur.

Section 7 - Handling and Storage

General: Avoid excessive moisture, which causes material to clump.

Storage Requirements: Store at an ambient temperature. Unlimited shelf life. Store at atmospheric pressure.

Section 8 - Exposure Controls / Personal Protection

Chemical Name / CAS No.	OSHA Exposure Limits	ACGIH Exposure Limits	Other Exposure Limits
YELLOW IO 51274-00-1	Not Established	Not Established	Not Established
IRON OXIDE - FE3O4 1317-61-9	Not Established	Not Established	Not Established
TRANS RED IO 1309-37-1	Long-term exposure limit (8-hour TWA): OSHA 10 mg/m ³ fume Long-term exposure limit (8-hour TWA): OSHA 15 mg/m ³ total dust Long-term exposure limit (8-hour TWA): OSHA 5 mg/m ³ respirable fraction	Long-term exposure limit (8-hour TWA): ACGIH 5 mg/m ³ respirable fraction	Not Established

Engineering Controls: Use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. Provide mechanical ventilation of confined spaces.

Protective Gear (PPE): Safety glasses or dust tight goggles, gloves appropriate for the job conditions, and an

appropriate NIOSH dust respirator when exposure limits are exceeded.

Section 9 - Physical and Chemical Properties

This mixture typically exhibits the following properties under normal circumstance:

Appearance Powder Specific Gravity (SG) 5.100	Odor No odor Lbs VOC/Gallon Less Water 0.00
--	--

Section 10 - Stability and Reactivity

Stability: Stable

STABLE

Incompatibilities/Conditions to avoid: None known.

Hazardous Decomposition: None.

Hazardous polymerization will not occur.

Section 11 - Toxicological Information

Mixture Toxicity

Component Toxicity

Primary routes of entry: Skin contact, eyes contact, and inhalation.

Carcinogenicity: Data not established for product.

CAS Number

None

Description

% Weight

Carcinogen Rating

No Data Available

Section 12 - Ecological Information

No appreciable bio-concentration is expected in the environment.

Component Ecotoxicity

Section 13 - Disposal Considerations

Natural iron oxides are not hazardous wastes per 40 cfr 261.21 or 261.3. However consult with the state environmental regulatory agency before disposing of this material, as state regulations may be stricter than federal regulations.

Section 14 - Transport Information

This material is classified for transport as follows:

<u>Agency</u>	<u>Proper Shipping Name</u>	<u>UN Number</u>	<u>Packing Group</u>	<u>Hazard Class</u>
DOT	Inorganic Oxide	Unregulated		Non Hazardous
IATA	Inorganic Oxide	Unregulated		Non Hazardous
ADR/RID	Inorganic Oxide	Unregulated		Non Hazardous
IMDG	Inorganic Oxide	Unregulated		Non Hazardous

Section 15 - Regulatory Information

State of California Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65): WARNING!

This product contains the following chemicals which are listed by the State of California as carcinogenic or a reproductive toxin:

51274-00-1 YELLOW IO Carcinogen, Mutagen
1309-37-1 TRANS RED IO Mutagen

R2K List

1309-37-1 TRANS RED IO

Section 16 - Other Information
